Mr. William Wright  
 Street Commissioner  
 City Hall  
 Mattoon, Illinois 61938

Dear Mr. Wright:

This is in response to your request of January 2, 1996 for consideration for funding from the Illinois Major Bridge Program in FY 2001. We are pleased to inform you that two of your three requests for funding during FY 2001 have been approved. The Illinois Major Bridge Program will provide \$1,680,000 for 80 percent of the estimated \$2,100,000 eligible costs for construction and construction engineering for replacement of the Broadway and Richmond Avenue Bridges over the Illinois Central Railroad in Mattoon. The additional candidate submitted for funding, the Champaign Avenue Bridge over the Illinois Central Railroad, was not selected for funding by the Illinois Major Bridge Program.

*Handwritten notes:*  
 Broadway 1,040,000  
 Richmond 640,000

The Illinois Major Bridge Program utilizes federal Bridge Replacement and Rehabilitation Program funds and will follow procedures required for that program. We are looking forward to providing financial assistance for 80 percent of the eligible bridge construction and construction engineering costs for this project. Financial assistance from this program shall not exceed the amount shown and must be matched with 20 percent local funds.

The Broadway and Richmond Avenue Bridges involve a railroad crossing; therefore, we are requesting that the Illinois Commerce Commission (ICC) participate in the cost of these improvements. Information for these projects should be coordinated with the ICC as early as possible.

Please contact Mr. George Sherer in our District Five office at 217/465-4181 for assistance in preparing the joint agreement. In addition, please keep the district informed regarding status of this project.

If we can be of assistance in implementing this project, please contact Mr. Bill Sunley, Bureau Chief of Local Roads and Streets, at 217/782-3805.

Sincerely,

*Handwritten signature:* KS 6/3/96
